

RACE RANKINGS

1) Overall Ranking - Fastest Average Pace

Criteria:

- Runners' ranking will be determined by 2 factors, total number of CHECKPOINTS CROSSED and FASTEST AVERAGE PACE PER KILOMETER.
- **The first factor: Total number of checkpoints.**
E.g. Runner A completed 4 checkpoints with an average pace of 10'51" and Runner B completed 6 checkpoints with an average pace of 11'42". Runner B will receive a higher ranking compared to Runner A for completing more checkpoints despite a slower average pace.
- **The second factor: Fastest Average Pace**
E.g. Runner A completed 4 checkpoints with an average pace of 10'51" and Runner B completed 4 checkpoints with an average pace of 11'42". Runner A will receive a higher ranking compared to Runner B.
- All participants are automatically entitled to compete in this ranking.

1 winner from each checkpoint will receive a mystery gift by Love Earth.*

2) Checkpoint Ranking

Criteria:

- Checkpoint ranking will be determined by the **FURTHEST DISTANCE** completed for each checkpoint.
- A participant may dominate the ranking chart of more than 1 checkpoint. However, each top ranking runner will only receive 1 reward. The remaining will be transferred to the next eligible winner.
- Example in determining the next reward recipient:
E.g. Runner A topped the chart for 4 checkpoints: Checkpoint 1 (42.5KM), Checkpoint 2 (53.2KM), Checkpoint 3 (37.2KM), Checkpoint 4 (63.8KM). Runner A will receive the reward for Checkpoint 4 for the longest distance completed, while the remaining rewards for Checkpoint 1, Checkpoint 2, and Checkpoint 3 will be automatically transferred to the next eligible winner, in this case, the first runner-up.
- Similarly, should there be a repetition for the subsequent top ranking winners, the prize will continue to be transferred to the next eligible prize recipient.
- This is an effort by the Organisers to encourage more competitive runners in Malaysia.
- However, rankings published on this site will still remain based on the furthest distance covered.
- All participants are automatically entitled to compete in this ranking.

1 winner from each checkpoint will receive a mystery gift by Love Earth.*
